

**BILL SUMMARY**  
2<sup>nd</sup> Session of the 59<sup>th</sup> Legislature

<b>Bill No.:</b>	<b>HB 3574</b>
<b>Version:</b>	<b>FA1-A1</b>
<b>Request Number:</b>	
<b>Author:</b>	<b>Rep. Pae</b>
<b>Date:</b>	<b>3/4/2024</b>
<b>Impact:</b>	<b>\$0</b>

**Research Analysis**

The proposed floor amendment for HB3574 removes the restriction for the preparation, distribution, sale or exposure for sale of kratom products containing more than fifty milligrams of total alkaloids per serving from the list of products, and the requirement that labeling include language stating that the number of servings that can be safely consumed does not exceed 150 milligrams of total alkaloid intake per day.

Prepared By: Stefne Miller

**Fiscal Analysis**

HB 3574 modifies definitions pertaining to kratom products under the Oklahoma Kratom Consumer Protection Act. Kratom vendors are prohibited from selling products containing more than one percent (1%) of 7-hydroxymytragynine in its alkaloid composition or products containing levels of residual solvent from the manufacture exceeding the allowable amount for pharmaceutical products.

This measure requires Kratom vendors to disclose additional information on a product label, including the total kratom alkaloids contained in the product and packaging; directions for safe consumption; statements including product intent and warnings; and a statement prohibiting therapeutic claims unless approved by the United States Food and Drug Administration (FDA). The modifications required by this measure are not anticipated to directly impact the state budget or appropriations.

The amendment to the floor amendment does not affect the fiscal impact of this measure.

Prepared By: Alexandra Ladner, House Fiscal Staff

**Other Considerations**

None.
