Fiscal Analysis

HB 3808 establishes regulations for referral agencies providing referrals to senior living communities in Oklahoma. The measure mandates certain requirements for referral agencies, including disclosure, background checks, maintaining liability insurance, senior community audits, and employee training. The measure also prohibits referral agencies from some consumer referral circumstances under which certain conflicts of interest may arise. The measure further permits written contracts with senior living communities for referral based compensation, and imposes fines for violations.

After communication with OKDHS, the measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
