Research Analysis

HB 3941, as introduced, requires municipalities to send a copy of any building permit they issue to the county assessor's office no later than 30 days after the date of issuance. The measure also requires municipalities to provide electronic copies of building permits to the county assessor's office when applicable.

Fiscal Analysis

HB 3941 requires that cities and towns transmit copies of building permits to county assessors within a certain timeframe, and further requires electronic copies where feasible. This measure merely provides local procedural requirements, and does not mandate any action or expenditure by a state agency. Therefore, this measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
