Research Analysis

The Senate amendments to HJR 1035 add an effective date of July 1, 2024, and place an emergency on the measure.

Fiscal Analysis

This measure allows the Worker's Compensation Commission to update its maximum reimbursement rates for medical providers. As Worker's Compensation Commission is a non-appropriated agency, there is not fiscal impact from this measure.

The Senate amendments only put an emergency clause on the measure, to make the effective date July 1, 2024. This does not create a fiscal impact for the measure. Therefore, there is no fiscal impact to the state.
