Research Analysis

The engrossed version of SB 1099 eliminates the provision that unprocessed small wireless facility applications will be automatically approved after 75 days. Applications will instead be approved or denied in a time frame established by the Federal Communications Commission according to [47 C.F.R. 1.6003\(c\)](#).

Prepared By: Autumn Mathews

Fiscal Analysis

This measure deals with Small Wireless Facilities, which are submitting applications to municipalities or municipal electric utilities. As this is not dealing with state assets or state regulation, there is no fiscal impact to the state budget.
