Research Analysis

The Engrossed version of SB 1424 modifies the Oklahoma Registered Poultry Feeding Operations Act. The measure outlines the steps that a poultry integrator must follow when they are notified that a grower is not following best practices. Any written notice an integrator receives must detail the actions a grower is required to take in order to prevent future violations.

Further, the measure:

- Clarifies that the operators of poultry feeding operations and poultry waste applicators are responsible for obtaining any required training; and
- Modifies the administrative penalty amount that the State Department of Agriculture can assess for violations of the Oklahoma Registered Poultry Feeding Operations Act, and requires that any penalty paid be used to enforce the Act.
