

BILL SUMMARY
2nd Session of the 59th Legislature

Bill No.:	SB 1638
Version:	ENGR
Request Number:	
Author:	Rep. Talley
Date:	3/28/2024
Impact:	\$0

Research Analysis

Engrossed Senate Bill 1638 requires that reports submitted to law enforcement regarding a child absconding or missing from foster placement must include a photo of the missing child, a detailed description of their physical features, and information about potential endangerment. The measure requires the Department of Human Services to maintain regular communication with law enforcement and the National Center for Missing and Exploited Children to provide for the safe recovery of a missing or abducted child or youth.

Prepared By: Matthew Brenchley

Fiscal Analysis

SB 1638 provides certain missing or abducted child reporting requirements for the Oklahoma Department of Human Services (OKDHS) where reasonably possible. OKDHS does not anticipate the measure having a direct fiscal impact on the state budget or appropriations.

Prepared By: Zach Lein, House Fiscal Staff

Other Considerations

None.
