**Research Analysis**

The committee substitute to SB 2035 authorizes the Oklahoma New Motor Vehicle Commission and the Oklahoma Used Motor Vehicle, Dismantler, and Manufactured Housing Commission to promulgate rules and procedures to designate and register authorized temporary license plate vendors for use by licensed motor vehicle dealers. The vendor registration fee is not to exceed \$600 and vendors are required to provide pre-printed temporary license plates or equipment to produce temporary license plates to dealers. The measure requires the seller or the purchaser of a vehicle to complete a pre-registration of the vehicle by submitting documentation to Service Oklahoma or a licensed operator within 2 business days of the sale or purchase. Dealers must also submit information within 2 business days of a sale. The measure directs Service Oklahoma, in cooperation with the Oklahoma Turnpike Authority and other appropriate state agencies to develop a public awareness program. OTA is to make a contribution of not less than \$200,000. Service Oklahoma is authorized to set licensed operator compensation for processing the documentation submitted and issuing the license plate or decal.
