

BILL SUMMARY
1st Session of the 59th Legislature

Bill No.:	SB255
Version:	ENGR
Request Number:	
Author:	Rep. Caldwell, Trey
Date:	4/5/2023
Impact:	Minimal

Research Analysis

The engrossed version of SB 255 requires motor fuel pumps containing 15 percent ethanol to be labelled in accordance with federal E15 labeling requirements.

Prepared By: Emily Byrne

Fiscal Analysis

This measure states that motor fuel containing 15% of ethanol, shall meet federal labeling requirements as determined by the Environmental Protection Agency. According to the Oklahoma Corporation Commission, who oversees fuel stations, this change creates a minimal fiscal impact to the agency for updating the agency rules. Therefore, there may only be a minimal fiscal impact to the state budget if additional funds are needed to help cover the cost of updating the rules.

Prepared By: Mariah Searock, House Fiscal Staff

Other Considerations

None.
