Fiscal Analysis

In its current form, SB604 amends the Oklahoma Quality Jobs Program Act to increase the period of time that certain qualifying establishments are eligible to receive quarterly incentive payments from fifteen years to thirty years. This measure is not expected to impact state revenues.

The conference committee substitute clarifies that the extension shall not include additional money awarded, but shall allow for payments to continue for the thirty-year period.

No changes in revenue are anticipated as a result of the conference committee substitute.
