Fiscal Analysis

SB 758 in its current form, realigns the apportionment of tax and fee revenue associated with medical marijuana sales and licensing. The measure does not increase taxes, fees, or collection. The measure reallocates existing budgetary resources amongst state entities that also receive state appropriations. This measure does not directly impact the budget; however, the reallocation of funds between appropriated agencies will likely require corresponding appropriation offsets for such agencies; in order to assure budget neutrality.

Prepared By: John McPhetridge, House Fiscal Staff

Other Considerations

None.
