

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	HB 2872
Version:	CS
Request No.:	3746
Author:	Sen. Rosino
Date:	04/17/2024

Bill Analysis

HB 2872 creates the Out-of-Network Ambulance Service Provider Act. The measure provides that the minimum allowable reimbursement rate for a health benefit plan for an out-of-network ambulance service provider providing covered ambulance services shall be at the rates set or approved by a local governmental entity in the jurisdiction. The measure establishes a rate of 325% or of the current published rate for ambulance services or ambulance service provider's billed charges, whichever is lesser.
