Bill Analysis

SB 101 appropriates \$20 million to the Department of Emergency Management's Oklahoma School Security Revolving Fund to administer the Oklahoma School Security Grant Program. The measure directs 85% of the funds to be used to provide grants to public schools, technology center schools, and private schools, while the remaining 15% is used to provide grants to institutions of higher learning. The bill also modifies eligibility for the grants, requiring that recipients must have undergone a risk and vulnerability assessment conducted by the Oklahoma School Security Institute, and the recipients must also agree to expend grant funds on items recommended by the assessment and/or to provide behavioral threat assessment and management training to employees.
