1st Session of the 59th Legislature

Bill No.:	SB 1030
Version:	INT
Request No.:	820
Author:	Sen. Coleman
Date:	02/02/2023

Bill Analysis

SB 1030 declares Oklahoma to be a non-discipline-specific state with respect to the practice of engineering and removes reference to performing structural engineering analysis and design services for significant structures. The measure requires the State Board of Licensure for Professional Engineers and Land Surveyors to distribute a copy of the changes to licensees within 1 week of publication.
