Bill Analysis

SB 134 creates temporary licenses for medical marijuana dispensaries, commercial growers, and processors. Each license applicant must be issued a temporary license prior to receiving an annual license. A temporary license does not authorize the licensee to conduct any sales of medical marijuana or marijuana products, the growing or processing of marijuana, or the transportation of any medical marijuana or marijuana products. A nonrefundable fee of \$1,000.00 is established for the temporary license and \$1,500.00 for the annual license. Additionally, the measure outlines certain documents that must be submitted to the Medical Marijuana Authority to receive a temporary license. Current medical marijuana business licensee shall be required to submit the documentation outlined in the measure as well.
