

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1757
Version:	INT
Request No.	2924
Author:	Sen. Garvin
Date:	01/22/2024

Bill Analysis

SB 1757 provides that if a healthcare staffing agency places a healthcare worker in a covered facility who was previously employed by the covered facility for any period of time within the preceding 2 years, the fee charged by the healthcare staffing agency for that healthcare worker shall not exceed 105% of the highest hourly wage. The measure authorizes covered facilities to bring action against a healthcare staffing agency for violating this provision. The court may award appropriate relief to a prevailing plaintiff.
