Bill No.:	SB 1783
Version:	INT
Request No.	3409
Author:	Sen. Howard
Date:	01/22/2024

Bill Analysis

SB 1783 authorizes the use of a pretrial release program or an assisted outpatient treatment program as it relates to the Pretrial Release Act. If such a program is unavailable in the judicial district, the measure directs the court to require the person to be placed on an electronic monitoring device and released using the least restrictive means. The measure provides for each pretrial release program to function as an alternative means to bail.
