Bill Analysis

SB 1890 prohibits any person convicted of a crime requiring him or her to register as a sex offender from entering into a plea agreement whereby the offender shall be allowed to forgo registering as a sex offender. The measure prohibits such persons from having any contact with a person under the age of 18, including the child or children of the offender. The measure provides that the sealing of a criminal record or other action that limits the publicity or availability of conviction information shall not remove the requirement of an individual to register as a sex offender.
