Bill Analysis

SB 22 directs state agencies receiving a requirement to adopt, follow, or otherwise submit to any new federal rule or regulation or change to an existing federal rule or regulation to submit the federal rule or regulation by electronic mail to all members of the Legislature and the Governor. The Legislature may, by joint resolution, disapprove the implementation of any federal rule or regulation imposed on a state agency. The state agency may not abide by, interpret, or adopt the federal rule after the Legislature adopts the joint resolution, unless the Governor vetoes the resolution and the Legislature fails to override the veto.
