

Bill Summary
1st Session of the 59th Legislature

Bill No.:	SB 245
Version:	INT
Request No.:	631
Author:	Sen. Daniels
Date:	01/10/2023

Bill Analysis

SB 245 directs the Health Care Authority to provide Medicaid coverage for medically necessary donor human milk-derived products in an inpatient or outpatient setting for an infant whose gestationally corrected age is under 12 months provided that a licensed physician or Advanced Practice Registered Nurse finds such coverage to be medically necessary. The donor products must adhere to such quality standards as may be required by the Authority. Reimbursement shall be provided separately from the existing hospital payment for inpatient services. Such coverage shall be subject to federal approval.
