Bill Analysis

SB 377 provides that the registration of a voter shall be cancelled if he or she is excused from jury duty due to not being a citizen of the United States. The measure directs the court clerk of each county to prepare a list of all persons who were excused from jury duty for not being a citizen of the United States and provide the list to the secretary of the county election board. The secretary is directed to report such a person to the district attorney and the United States attorney for the county.

The measure also provides that any voter who voluntarily cancels his or her voter registration shall be eligible to submit a new voter registration application in the same county when 60 or more calendar days have passed since the submission of the request for cancellation. Voter identification cards shall be submitted to the voter's physical mailing address unless it is determined that voter's physical address of residence cannot receive mail. If it is determined the voter's physical address cannot receive mail, the secretary of the county election board may make a notation of such information in the election management system.

CCR Changes

The Conference Committee Report for SB 377 adds language relating to voter registration as well as mailing identification cards to the address listed on the voter's application.
