Bill Analysis

SB 431 requires charter school governing boards to meet monthly rather than quarterly. It removes language regarding the residency of certain board members. The bill provides for the election of 5-member boards of education for charter schools with 5-year terms. It also provides for the election of seven-member boards of education for virtual charter schools with four-year terms. It directs the first elections to be held in April 2026. It directs the State Board of Education to determine the boundaries of charter school board districts, while the election for virtual charter school board members will be a statewide election.
