Bill Analysis

SB 611 establishes that the Director of Human Services shall establish a toilet to child ratio in child care facilities no less than 1 toilet for every 25 children in the facility, excluding children under the age of 2. The Director may not require any facility to possess certain toys or play equipment unless required by federal law. Toys or play equipment provided by child care facilities shall be age appropriate and shall be determined by directors of child care facilities and master teachers.
