Bill Analysis

SB 664 provides that any person with a handgun license shall be authorized to carry a firearm on any public college, public university, or public technology center school property or building. No college, university, or technology center may deny the carrying of a firearm to such persons unless evidence is shown that the licensee has previously been involved in a violent incident. Such entities are exempt from liability claims except for gross negligence arising from any accidental or self-defense act involving a firearm. The measure clarifies that a person may seek redress or damages from a person who discharged the firearm or used the firearm outside the provisions of the Oklahoma Self-Defense Act.
