

Bill Summary
1st Session of the 59th Legislature

Bill No.:	SB 744
Version:	INT
Request No.:	753
Author:	Sen. R. Thompson
Date:	01/24/2023

Bill Analysis

SB 744 modifies the supplemental reimbursement provided to ambulance service providers under the Ambulance Service Provider Access Payment Program. The measure provides that the amount of supplement reimbursement to providers through capitated contracts shall be determined in accordance with the approved directed payment pre-print, based on claims submitted to the federal government by the Health Care Authority. The measure also allows intergovernmental agreements to substitute for other stated requirements for participating providers who are governmental entities.
