Bill Analysis

SB 813 authorizes the Oklahoma Medical Marijuana Authority to operate a quality assurance laboratory for the purpose of conducting compliance testing of medical marijuana businesses. The lab shall be used to provide recommendations for all equipment and standards to be utilized by licensed medical marijuana testing laboratories, standardized operating procedures when extracting and testing medical marijuana products, samples taken from medical marijuana licensed business, utilize secret shoppers, and analyze any compounds that are not among the targeted analytes and are unknown, unidentified, tentatively identified, or known and injurious to human health if consumed. The Authority's lab is exempted from the provisions of the Oklahoma Medical Marijuana and Patient Protection Act to transport samples of medical marijuana, medical marijuana concentrate, and medical marijuana product for testing between the originating medical marijuana business and the Authority laboratory.
