

Fiscal Impact
1st Session of the 59th Legislature

Bill No.:	HB 2218
Version:	ENGR
Author:	Sen. Bergstrom
Date:	04/13/2023

Fiscal Analysis

HB 2218 prohibits any governmental entity from entering into a contract with a company, that meets certain defined conditions, that does not affirm in the contract that they will not discriminate against a firearm entity or firearm trade association. The measure excludes sole-source provider contracts or contracts that did not result in bids from more than a single provider. There is no way to determine how many agencies and agency contracts this would impact in the future, and in what amounts the impacts would be due to a likely reduced pool of suppliers.

FY'24 Impact: Indeterminable

Full Year Impact: Indeterminable
