**Bill No.:**

**SB 1270**

**Version:**

**CA**

**Author:**

**Sen. Garvin**

**Date:**

**02/20/2024**

**Fiscal Analysis**

Requires the Office of Management and Enterprise Services to prepare an eight-year plan for state facility management, operations, and maintenance, and provides for information to be included in such plan. OMES anticipates that the report will require a small number of additional hours of staff time due to some additional requirements in the bill that OMES has not included in the report in the past. OMES does not expect production of the report as described in the amended bill to require additional FTE.
