SB 16
INT
Sen. Bullard
03/01/2023

Fiscal Analysis

SB 16 directs the State Board of Education to establish a two-year pilot program to provide grants to school districts to provide child care for school district employees. It directs the Board to establish criteria for awarding grants. SDE 's position is that it is hard to determine the fiscal impact as the costs will vary by district depending on what option they choose.

FY'24 Impact: None

Full Year Impact: None
