

Fiscal Impact
1st Session of the 59th Legislature

Bill No.:
Version:
Author:
Date:

SB 495
INT
Sen. McCortney
02/16/2023

Fiscal Analysis

SB 495 defines "unfunded mandate" and prohibits various state entities from implementing an unfunded mandate on political subdivisions in the State. Requires all political subdivision mandates, with the exception of a few designated categories, to have an appropriation tied to the mandate that is equal to the fiscal impact. The fiscal impact is indeterminable; there is no way to know how many appropriations (if any), or in what amounts, would be required to fund any possible future mandates on all political subdivisions in the State.

FY'24 Impact: Indeterminable

Full Year Impact: Indeterminable
