

**COMMITTEE AMENDMENT**

HOUSE OF REPRESENTATIVES

State of Oklahoma

SPEAKER:

CHAIR:

I move to amend HB1521

				Of the printed Bill
Page	<u>13</u>	Section	<u>1</u>	Lines <u>22</u>
				Of the Engrossed Bill

By striking paragraph 2 in its entirety and by adding in lieu thereof the following language: "Four (4) units or sets of competencies of mathematics, two (2) of which shall be Algebra I and either Algebra II or Geometry. A third course shall be at or above the rigor of Algebra I and may include Algebra II, Geometry, Trigonometry, Math Analysis, Calculus, Statistics, Math of Finance, Computer Science, college courses approved for dual credit, or an approved full-time postsecondary career and technology program or locally approved math-based application course approved to meet college entrance requirements for mathematics. The remaining credit is at the discretion of the student and the school. Any locally developed course or postsecondary program offered by the Department of Career and Technology Education could fulfill this requirement if a school district or technology center school district maintains that those courses use math in an applied or contextual way that furthers a student's knowledge of mathematics";

And by updating internal references and modifying the outline to conform.

**AMEND TITLE TO CONFORM TO AMENDMENTS**
