1 ENGROSSED HOUSE BILL NO. 1815 By: Grego, Newton and Deck of 2 the House 3 and Murdock of the Senate 4 5 6 7 An Act relating to the Conservation Commission; amending 27A O.S. 2021, Section 3-1-103, which relates to definitions; alphabetizing statutory 8 definitions; amending 27A O.S. 2021, Section 3-2-106, 9 which relates to powers and duties of the Oklahoma Conservation Commission; modifying powers and duties 10 of the Oklahoma Conservation Commission; and providing an effective date. 11 12 1.3 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA: 14 SECTION 1. 27A O.S. 2021, Section 3-1-103, is AMENDATORY 15 amended to read as follows: 16 Section 3-1-103. As used in the Conservation District Act: 17 1. "District" or "conservation district" means a governmental 18 subdivision of this state, and a public body corporate and politic, 19 organized in accordance with the provisions of the Conservation 20 District Act, for the purposes, with the powers, and subject to the 21 restrictions hereinafter set forth "Agency of this state" includes 22 the government of this state and any subdivision, agency or 23 instrumentality, corporate or otherwise, of the government of this 24 state;

- 2. "Director" means a member of the governing body of a conservation district, elected or appointed in accordance with the provisions of the Conservation District Act "Best management practices" means a control method or combination of control methods that is determined to be the most effective and practicable means of preventing soil loss from erosion or reducing the amount of nonpoint source pollution from a given land use;
 - 3. "Commission" means the Oklahoma Conservation Commission

 "Blue Thumb Program" means a nonpoint source educational program

 emphasizing water quality education, including volunteer monitoring;
 - 4. "State" means the State of Oklahoma "Commission" means the Oklahoma Conservation Commission;
 - 5. "Agency of this state" includes the government of this state and any subdivision, agency or instrumentality, corporate or otherwise, of the government of this state "Conservation" includes conservation, development, improvement, maintenance, preservation, protection and wise use of land, water and related natural resources; the control and prevention of floodwater and sediment damages; and the disposal of excess surface waters;
 - 6. "United States" or "agencies of the United States" includes
 the United States of America, and any department, agency or
 instrumentality of the federal government "Cost-share program" means
 the assumption by the state of a proportional share of the cost of

- installing conservation structures, conservation practices or best management practices on lands for public and environmental benefits;
- 7. "Government" or "governmental" includes the government of this state, the government of the United States, and any subdivision, agency or instrumentality, corporate or otherwise, of either of them "Director" means a member of the governing body of a conservation district, elected or appointed in accordance with the provisions of the Conservation District Act;
- 8. "Due notice" which shall be in conformance with the Administrative Procedures Act means notice published at least twice, with an interval of at least seven (7) days between the two publication dates, in a newspaper or other publication of general circulation within the district, or, if no such publication of general circulation is available, by posting at five conspicuous places within the district, such posting to include, where possible, posting at public places where it may be customary to post notices concerning county or municipal affairs generally. At any hearing held pursuant to such notice, at the time and place designated in such notice, adjournment may be made from time to time without the necessity of renewing such notice for such adjourned dates "District" or "conservation district" means a governmental subdivision of this state, and a public body corporate and politic, organized in accordance with the provisions of the Conservation

- prevention of floodwater and sediment damages; and the disposal of

 excess surface waters "Government" or "governmental" includes the

 government of this state, the government of the United States, and

 any subdivision, agency or instrumentality, corporate or otherwise,

 of either of them;
 - 12. "Cost-Share program" means the assumption by the state of a proportional share of the cost of installing conservation structures, conservation practices or best management practices on lands for public and environmental benefits "Nonpoint source" shall have the same meaning as such word is defined by the Oklahoma Environmental Quality Act;
 - 13. "Best management practices" means a control method or combination of control methods that is determined to be the most effective and practicable means of preventing soil loss from erosion or reducing the amount of nonpoint source pollution from a given land use "Nonpoint source working group" means an advisory group established by the Conservation Commission to provide input into the state's nonpoint source management and assessment program and is open to federal, state and local environmental agencies and natural resource agencies and other interested groups;
 - 14. "Nonpoint source" shall have the same meaning as such word is defined by the Oklahoma Environmental Quality Act "Pollution" shall have the same meaning as such word is defined by the Oklahoma Environmental Quality Act;

- 15. "Pollution" shall have the same meaning as such word is defined by the Oklahoma Environmental Quality Act "Renewable natural resources", "natural resources" or "resources" include land, soil, water, vegetation, trees, natural beauty, scenery and open space;
- 16. "Nonpoint source working group" means an advisory group established by the Conservation Commission to provide input into the state's nonpoint source management and assessment program and is open to federal, state and local environmental agencies and natural resource agencies and other interested groups "Soil science" means the science which:
 - a. is the study of physical, chemical, and biological

 processes taking place in both naturally occurring and
 reconstructed unconsolidated material formed by the

 alteration of parent rock due to exposure at the
 earth's surface, and
 - b. includes sampling, measuring, identification,
 characterization, classification, and mapping of soil
 materials and migration of water solute, air and other
 gaseous components in the unsaturated portion of the
 earth;
- 17. "Watershed" means an area of land that drains to a given point "Soil scientist" means a person who:
 - a. has earned a baccalaureate or higher degree in a field of soil science from an institution of higher

1.3

1		education which is accredited by a regional or
2		national accrediting agency, with a minimum of thirty
3		(30) semester hours or forty-five (45) quarter hours
4		of undergraduate work in a field of biological,
5		physical, or earth science with a minimum of fifteen
6		(15) semester hours of core soil science courses, and
7	<u>b.</u>	has a specific and continuous record of related and
8		verifiable soil science work experience for two (2)
9		years. Publications in a soil science publication or
L O		prior qualifications as an expert witness in
L1		administrative or judicial proceeding, hearing or
L2		trial shall be prima facie verification of experience
13		related to soil science;
L 4	18. "Blu	e Thumb Program" means a nonpoint source educational
L5	program empha	sizing water quality education, including volunteer
16	monitoring <u>"S</u>	tate" means the State of Oklahoma;
L7	19. "Soi	l science" means the science which:
L8	a.	is the study of physical, chemical, and biological
L9		processes taking place in both naturally occurring and
20		reconstructed unconsolidated material formed by the
21		alteration of parent rock due to exposure at the
22		earth's surface, and

characterization, classification, and mapping of soil

23

24

materials and migration of water solute, air and other gaseous components in the unsaturated portion of the earth "Watershed" means an area of land that drains to a given point; and

- 20. "Soil scientist" means a person who:
 - has earned a baccalaureate or higher degree in a field a. of soil science from an institution of higher education which is accredited by a regional or national accrediting agency, with a minimum of thirty (30) semester hours or forty-five (45) quarter hours of undergraduate work in a field of biological, physical, or earth science with a minimum of fifteen (15) semester hours of core soil science courses, and has a specific and continuous record of related and b. verifiable soil science work experience for two (2) years. Publications in a soil science publication or prior qualifications as an expert witness in administrative or judicial proceeding, hearing or trial shall be prima facie verification of experience related to soil science "United States" or "agencies

of the United States" includes the United States of

America, and any department, agency or instrumentality

of the federal government.

SECTION 2. AMENDATORY 27A O.S. 2021, Section 3-2-106, is amended to read as follows:

Section 3-2-106. A. In addition to other powers and duties specified by law and except as otherwise provided by law, the Oklahoma Conservation Commission shall have the power and duty to:

- 1. Offer the assistance as may be appropriate to the directors of conservation districts in the carrying out of any of their powers and programs and to:
 - a. assist and guide districts in the preparation and carrying out of programs for resource conservation authorized under the Conservation District Act,
 - b. review district programs,
 - c. coordinate the programs of the several districts and resolve any conflicts in such programs, and
 - d. facilitate, promote, assist, harmonize, coordinate and guide the resource conservation programs and activities of districts as they relate to other special purpose districts, counties and other public agencies;
- 2. Keep the directors of each of the several districts informed of the activities and experience of all other districts, and to facilitate an interchange of advice and experience between the districts and cooperation between them;

- 3. Enter into contracts and agreements and execute instruments deemed necessary, beneficial, or convenient by the Commission for the exercise of its legally conferred powers. This includes, but is not limited to, creating shared positions, administering statewide and locally emphasized programs, and exploring funding sources for conservation programs, practices, and pilot projects;
- 4. Review agreements, or forms of agreements, proposed to be entered into by districts with other districts or with any state, federal, or interstate, or other public or private agency, organization or individual, and advise the districts concerning the agreements or forms of agreements;
- 4. <u>5.</u> Secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this state, <u>other entities</u>, <u>or individuals</u> in the work of the <u>Commission or districts</u> and to accept donations, grants, gifts and contributions in money, services or otherwise from the United States or any of its agencies or from the state or any of its agencies <u>in order</u>, <u>other entities</u>, <u>or individuals</u> to carry out the purposes of the Conservation District Act;
- 5. 6. Disseminate information throughout the state concerning the activities and programs of the conservation districts and to make available information concerning the needs and the work of the conservation districts and Commission to the Governor, the Legislature, executive agencies of the government of this state,

political subdivisions of this state, cooperating federal agencies and the general public;

- 6. 7. Serve along with conservation districts as the official state agencies for cooperating with the Natural Resources

 Conservation Service of the United States Department of Agriculture and carrying on conservation operations within the boundaries of conservation districts:
- 7. 8. Cooperate with and give such assistance as it deems necessary and proper to conservancy districts, watershed associations and other special purpose districts in the State of Oklahoma for the purpose of cooperating with the United States through the Secretary of Agriculture in the furtherance of conservation pursuant to the provisions of the Federal Watershed Protection and Flood Prevention Act, as amended;
- 8. 9. Recommend the inclusion in annual and longer term budgets and appropriation legislation of the State of Oklahoma of funds necessary for appropriation by the Legislature to finance the activities of the Commission and the conservation districts and to:
 - a. administer the provisions of the Conservation District

 Act hereafter enacted by the Legislature appropriating

 funds for expenditure in connection with the

 activities of conservation districts,
 - b. distribute to conservation districts funds, equipment, supplies and services received by the Commission for

2.1

that purpose from any source, subject to such conditions as shall be made applicable thereto in any state or federal statute or local ordinance making available such funds, property or services,

- c. issue rules establishing guidelines and suitable controls to govern the use by conservation districts of funds, property and services, and
- d. review all budgets, administrative procedures and operations of such districts and advise the districts concerning their conformance with applicable laws and regulations;
- 9. 10. Enlist the cooperation and collaboration of state, federal, regional, interstate, local, public and private agencies with the conservation districts and to facilitate arrangements under which the conservation districts may serve county governing bodies and other agencies as their local operating agencies in the administration of any activity concerned with the conservation of renewable natural resources;
- 10. 11. Pursuant to procedures developed mutually by the Commission and federal, state and local agencies that are authorized to plan or administer activities significantly affecting the conservation of renewable natural resources, receive from these agencies for review and comment suitable descriptions of their plans, programs and activities for purposes of coordination with

district conservation programs and to arrange for and participate in conferences necessary to avoid conflict among plans and programs, to call attention to omissions and to avoid duplication of effort;

- 11. 12. Compile information and make studies, summaries, and analyses of district programs in relation to each other and to other resource conservation programs on a statewide basis;
- 12. 13. Except as otherwise assigned by law, carry out the policies of this state in programs at the state level for the conservation of the renewable natural resources of this state and represent the state in matters affecting such resources;
- 13. 14. Assist conservation districts in obtaining legal services from state and local legal officers;
- 14. 15. Require annual reports from conservation districts, the form and content of which shall be developed by the Commission in consultation with the district directors;
- 15. 16. Establish by rules, with the assistance and advice of the State Auditor and Inspector, adequate and reasonably uniform accounting and auditing procedures which shall be used by conservation districts;
- 16. 17. Conduct workshops for district directors to instruct them on the subjects of district finances, the Conservation District Law and related laws, and their duties and responsibilities as directors;

1.3

17. 18. Assist and supervise districts in carrying out their responsibilities in accordance with the Oklahoma laws;

18. 19. Have power, by administrative order, upon the written request of the board of directors of the conservation district or districts involved, with a showing that such request has been approved by a majority vote of the members of each of the boards involved, to:

- a. transfer lands from one district established under the provisions of the Conservation District Act to another,
- b. divide a single district into two or more districts, each of which shall thereafter operate as a separate district under the provisions of the Conservation District Act, and
- c. consolidate two or more districts established under the provisions of the Conservation District Act, which consolidated area shall operate thereafter as a single district under the provisions of the Conservation District Act;
- 19. 20. Except as otherwise provided by law, act as the management agency having jurisdiction over and responsibility for directing nonpoint source pollution prevention programs outside the jurisdiction or control of cities or towns in Oklahoma. The Commission, otherwise, shall be responsible for all identified

- nonpoint source categories except silviculture, urban storm water runoff and industrial runoff;
 - 20. 21. Establish and maintain an Equipment Revolving Fund for the purpose of loaning conservation districts funds to purchase equipment to be used for the installation of conservation practices. The fund shall consist of all monies appropriated to, deposited in or credited to the fund;
 - 21. 22. Establish and maintain a Conservation District

 Consolidation Fund for the purpose of providing financial assistance to conservation districts who choose to consolidate as outlined in subparagraph c of paragraph 18 of this subsection. The fund shall consist of all monies appropriated to, deposited in or credited to the fund;
 - 22. 23. Administer cost-share programs for the purpose of carrying out conservation or best management practices on the land to benefit the public through the prevention or reduction of soil erosion and nonpoint source pollution and through general resource management. The Commission is not authorized to implement mandatory compliance with management practices, except as otherwise provided by law, to abate agricultural nonpoint source pollution;
 - 23. 24. Plan watershed-based nonpoint source pollution control activities, including the development and implementation of conservation plans for the improvement and protection of the resources of the state;

24. 25. Provide assistance to the Oklahoma Water Resources Board on lake projects through stream and river monitoring, assessing watershed activities impacting lake water quality, and assisting in the development of a watershed management plan;

25. 26. Maintain the activities of the state's nonpoint source working group;

26. 27. Prepare, revise, and review Oklahoma's nonpoint source management program and nonpoint source assessment report in coordination with other state environmental agencies and compile a comprehensive assessment for the state every five (5) years. management program and assessment report shall be distributed to the Governor, Secretary of Energy and Environment, the President Pro Tempore of the Senate, and the Speaker of the House of Representatives;

27. 28. Under the direction of the Office of the Secretary of the Energy and Environment, develop and implement the state's nonpoint source water quality monitoring strategy in coordination with other environmental agencies;

28. 29. Monitor, evaluate, and assess the waters of the state to determine the condition of streams and rivers impacted by nonpoint source pollution. In carrying out this area of responsibility, the Conservation Commission shall serve as the technical lead agency for nonpoint source pollution categories as

defined in Section 319 of the Federal Clean Water Act or other subsequent federal or state nonpoint source programs;

29. 30. Administer the Blue Thumb Program;
