**Research Analysis**

The proposed policy committee substitute to HB 1132 creates the Oklahoma Industrial Access Improvement Grant Program and revolving fund to provide funding for roadway and traffic engineering and construction support for industrial access projects to municipalities with a population over 750,000. Grants will be awarded to applicants to be used in planning, design, right-of-way acquisition, and construction of infrastructure improvements that enhance industrial site accessibility. The Oklahoma Department of Transportation is authorized to administer the program, develop the application process, and establish matching fund requirements.
