Bill No.:	HB1168
Version:	INT
Request Number:	11121
Author:	Rep. Crosswhite Hader
Date:	2/10/2025
Impact:	Minimal

Research Analysis

HB 1168, as introduced, provides that an individual who knows or has reason to know that another person intends to use an abortion-inducing drug and knowingly delivers such a drug to that person or possesses one with intent to deliver it will be committing trafficking in an abortion-inducing drug and is guilty of a felony upon conviction. This act does not apply to a pharmacist or a manufacturer or distributor acting lawfully in the usual course of their business or profession. Nothing in this act may be construed to prohibit preventive contraceptives used in accordance with manufacturer instructions. The measure also provides relevant definitions.

Fiscal Analysis

HB 1168 creates a felony offense for trafficking or attempting to traffic abortion-inducing drugs. The impact on state resources is contingent on the number of convictions; however, it is anticipated to be minimal.
