The measure gives an ABLE licensed establishment 10 days to provide an affidavit that the establishment with in compliance at the time at the violation. If an employee partakes in any of the actions listed in the measure while not possessing a currently valid employee license from the ABLE Commission, their actions will be attributable to the establishment. The rebuttable presumption that the establishment has indirectly encouraged a violation of the law through an employee performing a prohibited act three or more times within a year will stand whether or not it was the same employee. The measure also lists other proof of violation. The measure also lists requirements the establishment needs to have followed in order to establish a rebuttable presumption.
