Request Number:	12505
Author:	Rep. Dempsey
Date:	2/20/2025
Impact:	Unknown

Research Analysis

The proposed policy committee substitute to HB 1384 directs the Oklahoma Department of Transportation (ODOT) to require a post-installation inspection for any storm pipe that does not pass a structural dead load test prior to installation. The inspection is to be performed by a qualified engineer or inspector approved by ODOT. The contractor is responsible for the cost of the inspection and any corrective measure required if the storm pipe fails inspection.
