Bill No.:	HB 1393
Version:	CS
Request Number:	13202
Author:	Rep. Kerbs
Date:	3/6/2025
Impact:	No Impact

Research Analysis

The committee substitute for HB 1393 requires the State Board of Education to create a parental consent form for school districts to use when determining whether a student with an IEP will participate in the Oklahoma Alternative Assessment Program (OAAP). The measure lists the requirements of the form, including a statement detailing the benefits and risks of parental consent or refusal.

The measure requires schools to hold an IEP team meeting with the parent if they determine the above actions are necessary. The measure outlines the procedure for schools and parents to follow when considering such changes to a student's IEP.

The school district may not require a student to participate in the OAAP without parental consent unless the school district documents reasonable efforts to obtain consent without parental response or the district obtains approval through a due process hearing. The district is required to attempt alternative dispute resolution prior to a due process hearing.
