Research Analysis

HB 1634 as introduced, requires the Oklahoma Turnpike Authority to install and maintain retractable road spikes at all turnpike exit ramps to impede vehicles from entering an exit ramp. The measure requires the retractable road spikes to automatically retract for vehicles exiting the turnpike properly and be clearly marked.

Fiscal Analysis

As this measure requires the Oklahoma Turnpike Authority (OTA), to put spikes on exit ramps, and OTA is a non-appropriated state agency, there is no fiscal impact to the state budget.
