Research Analysis

HB 1789 allows a dealer to sell off-premises at sanctioned recreational vehicle shows either inside or outside of the dealer's manufacturer-approved area of responsibility and provides that a dealer may not be denied a permit to sell at an off-premises location on the grounds that the sales promotion is being held within the relevant market area of another dealer of the same line-make.

Fiscal Analysis

HB 1789 permits certain dealers to sell under certain circumstances regardless of whether such sales promotion is held within the market area of similar dealers as defined in the measure. The measure does not mandate any action or expenditure by a state agency. Therefore, the measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
