

BILL SUMMARY
1st Session of the 60th Legislature

Bill No.:	HB 2047
Version:	INT
Request Number:	10136
Author:	Rep. Stinson
Date:	2/12/2025
Impact:	No Impact

Research Analysis

HB 2047, as introduced, requires schools to call 911 as soon as possible if epinephrine is administered to a student. The measure further requires schools to provide teachers and staff with annual training regarding food allergies, recognizing anaphylaxis, and administering epinephrine.

Prepared By: Emily Byrne

Fiscal Analysis

The measure as currently written is not anticipated to result in a negative fiscal impact on the state budget or appropriations.

Prepared By: Cole Stout, House Fiscal Staff

Other Considerations

None.
