1st Session of the 60th Legislature

Bill No.:	HB 2197
Version:	INT
Request Number:	11062
Author:	Rep. Wolfley
Date:	2/26/2025
Impact:	No Direct State Impact

Research Analysis

HB 2197, as introduced, prohibits state colleges and universities from requiring students to purchase a meal plan as a condition of enrollment or residing in on-campus housing.

Fiscal Analysis

The measure as currently written is not anticipated to result in a negative fiscal impact on the state budget or appropriations. However, there is a potential revenue loss for the higher education institutions.

Estimates provided by the State Regents for Higher Education and the Regional University System of Oklahoma indicate that there could be a potential revenue loss of \$500,000 per 1% of the participating population that opts out of the meal plan.
