

BILL SUMMARY
1st Session of the 60th Legislature

Bill No.:	HB 2371
Version:	INT
Request Number:	11535
Author:	Rep. Hill
Date:	2/17/2025
Impact:	No Impact

Research Analysis

HB 2371, as introduced, allows school boards to submit program proposals for monitoring school-issued devices with AI software to the Department of Mental Health and State Department of Education. The Departments are required to review such proposals, and if funds are available, issue grants to schools for implementation. A program can be terminated at any time if necessary.

Prepared By: Emily Byrne

Fiscal Analysis

The measure as currently written is not anticipated to result in a negative fiscal impact on the state budget or appropriations.

Prepared By: Cole Stout, House Fiscal Staff

Other Considerations

None.
