

Bill Summary
1st Session of the 60th Legislature

Bill No.:	SB 1036
Version:	INT
Request No.	816
Author:	Sen. Rader
Date:	01/27/2025

Bill Analysis

SB 1036 creates the Oklahoma Triage, Treat, and Transport to Alternative Destination Act. The measure requires insurers to provide coverage for services provided by ambulance service providers as well as an encounter between an ambulance service and enrollee that results in no transport of the enrollee. The reimbursement rate for an ambulance service whose operators triage, treat, and transport an enrollee to an alternative destination shall not be less than the minimum allowable reimbursement rate for advanced life support with mileage to the scene.
