Bill No.:	SB 1122
Version:	INT
Request No.	1206
Author:	Sen. Hall
Date:	01/29/2025

Bill Analysis

SB 1122 directs the State Board of Equalization to assess the property used to provide wired broadband service in an area where the coverage for wired internet at speeds in excess of 100 Mbps for download and in excess of 20 Mbps for upload is equal to or less than 10% according to the most recent FCC National Broadband Map. The ratio is increased to 15% for tax years 2026-2036. The property assessed shall only include property exclusively used to provide broadband internet service to areas meeting the coverage requirements.
