

Bill Summary
1st Session of the 60th Legislature

Bill No.:	SB 224
Version:	FS
Request No.:	1853
Author:	Sen. Seifried
Date:	03/14/2025

Bill Analysis

SB 224 creates the Oklahoma Education and Workforce Efficiency Data System (EDS) as a secure system for the de-identification, exchange, and matching of education and workforce data among approved entities. It requires the EDS to have certain capabilities. It prohibits the EDS from serving certain purpose, directly reporting data to federal agencies except under certain circumstances, or collecting certain personal data. The bill requires the EDS to provide controlled access to approved external partners through a formal data-sharing agreement. The bill also creates the nine-member Efficiency Data System Governance Council to oversee development, implementation, and operation of the EDS. It requires each agency participating in the EDS to enter into a data-sharing agreement with the Council by June 30, 2026.
