Bill Analysis

SB 224 creates the Oklahoma Education and Workforce Statewide Longitudinal Data System (SLDS) as a secure system for student and workforce data among approved entities. It requires the SLDS to have certain capabilities. The measure requires the SLDS to provide controlled access to approved external partners through a formal data-sharing agreement. The bill also creates the nine-member Statewide Longitudinal Data System Governance Council to oversee development, implementation, and operation of the SLDS. It requires each agency participating in the SLDS to enter into a data-sharing agreement with the council by June 30, 2026.
