Bill Analysis

SB 534 authorizes medical marijuana transportation licensees to transport marijuana from a medical marijuana retailer in the state to a medical marijuana patient licensed in this state with a Veterans Affairs Benefit Summary Letter with a disability rating of 100% under the newly created Oklahoma Medical Marijuana Authority a Medical Marijuana Veterans Transporter Pilot Program. The measure also provides that the Oklahoma Medical Marijuana Authority shall issue an annual transportation permit for each warehouse location operated by a licensee that is equal to the annual medical marijuana transporter license term. Medical marijuana transporter licensees may utilize such facilities for the temporary storage of medical marijuana products. Such facilities shall be required to meet certain inventory tracking requirements.
