**Bill Analysis**

SB 560 requires any turnpike route or extension to receive authorization from property owners whose land is situated within a 1-mile radius of the turnpike. Such owners may consent to the project with a simple majority of eligible voters in a special election. Notice of the election must be published for 3 consecutive weeks prior to the election. If the project is not authorized by the Legislature within 4 years of the project's approval in the special election, authorization from the property owners shall lapse.
