

Bill Summary
1st Session of the 60th Legislature

Bill No.:	SB 693
Version:	INT
Request No.	259
Author:	Sen. Thompson
Date:	01/15/2025

Bill Analysis

SB 693 requires social media platforms to display a prominent warning to any user who accesses the platform for the first time and to any established user once per day. The warning shall appear for 60 seconds and render the application unusable for that duration. The provisions of this measure shall not apply to a text messaging platform or a platform for which the primary purpose is related to education or health care.
