Bill Analysis

SB 730 requires the Oklahoma Department of Aerospace and Aeronautics to adopt a 5-year Airport Construction Program on an annual basis. The Program shall list federal and state funding that the Department has available for the development of airport infrastructure. The Department shall also adopt a statewide airport system plan on a regular basis which details the 20-year planning horizon. The 5-year plan shall be guided by transportation needs and priorities of airports within the system as well as coordinate with airports within the statewide airport system plan.
